1. Understanding The 4WD In Your Ford

The **transfer case** can either be shifted manually, or by a dash mounted selector switch. The dash switch works by sending power to an electric **transfer case** shift motor, that shifts the **transfer case** for you. Unless you're driving a **Ford Super Duty** (F-250 / F-350) or something really old, you likely have a switch on your dash to activate your 4WD.
